Description

Great property in the center of Marbella. Located beach road 200 meters from the seafront and surrounded by services and shops. The property is well preserved although it requires restoration to update it. It has 2 lounges, entrance hall, kitchen, 3 large bedrooms with fitted wardrobes and 2 bathrooms. Laundry and pantry. Very bright and sunny - it is a cheerful house. Much potential if you want to reform and give a more contemporary air pulling 3 partitions. Magnificent family home for those who want to enjoy the city center without having to take the car. It does not have a garage but there is a garage in the building. It is recommended to visit.
